vided from the MST budget.**

d. SRS – David Cox

Dr. David Cox announced that tomorrow in Fidel is r
search Symposium. There will be a faculty referral pr
encourage students and get them excited about SRS.

Dr. Cox also announced that Living & Learning Com
called Learning Community classes. Additionally, the
ses and new faculty for these.

e. Student Communication – Doug Wells

Dr. Wells stated that there was a recent email sent out on student communication. The intent is not to throttle the communication with students. The intent is to not clutter the students email.

f. Change to New Active Directory – Dan Lunceford

Dan Lunceford announced that the active directory authentication system for academic labs is something that has been worked on for several years. This new change will allow you access to files that are on the network share and should be much quicker

undergraduates at 1358. This is well below previous years which is why we are struggling financially. Looking at overall trends, we are flat in graduate enrollment, there has been a decline in sophomore and seniors, and there is a decline in
