12-month Enrollment Overview

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's-professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminders:

- All institutions must now use the July 1 - June 30 reporting period. There is no longer the option of using the September 1 - August 31 reporting period.

12-month Unduplicated Count by Race/Ethnicity and Gender

July 1, 2013 - June 30, 2014

Race/Ethnicity Reporting Reminder:

•Report Hispanic/Latino individuals of any race as Hispanic/Latino

•Report race for non-Hispanic/Latino individuals only

•Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are

  considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Graduate Student Reporting Reminder:

•Report all postbaccalaureate degree and certificate students as graduate students, including any doctor's-professional

  practice students (formerly first-professional)

12-month Instructional Activity

July 1, 2013 - June 30, 2014

Instructional Activity Reporting Reminder:

•Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.

•Graduate credit hour activity should not include any doctor's–professional practice activity, the total of those students'
  FTE is entered separately instead.

FTE Reporting Reminder:

•Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE calculations
  would be misleading for comparison purposes among all IPEDS reporting institutions.
