

Assuming you are driving to Socorro via I-25: If you are driving south on I-25 (from Albuquerque, for example), take exit #55 on the north end of Socorro. If you are driving north from Las Cruces, take exit #10 on the south end of I-25. The north exit ramp ends at a stop light. This is the beginning of California Street (Socorro's main street). The south exit ramp simply merges into California Street.

Continue straight on California Street until you reach Hill Avenue. This intersection has a stop light and a little easers .i//a on one corner with a Oominos oosite.

Turn west onto Hill Avenue. You will be heading slightly uphill toward the mountains. At the second stop sign you will see a 4e* 3exico +ech on your left. See going straight.

After the third stop sign the road curves to the left. Here is a large parking lot on the right. Enter the lot by the lighted 23acey ' onference ' enter2sign and ar''.

Jones Annex is across the street. It has a curved metal roof with a pair of air handlers that look like smokestacks. Enter the double glass doors and go left to the elevator. The main office for Biology is on the second floor, room 2#8.
