

Sequence Chart for NMT Mathematics (B.S. in Mathematics Degree)

Effective Fall 2024 (total 123 Hrs)

*Choice of electives must include an approved 18-hour sequence of electives outside mathematics. It is strongly recommended that electives choices include upper level science or engineering courses. Electives outside mathematics requirement may overlap with non-mathematics general degree and B.S. in Math requirements.

**Engl 3041 can't be taken until a student has junior standing (more than 60 hrs).
